FormeVital

Your Health, Fitness & Product Review Guide

Science-based advice and honest tests of the best supplements for a healthier life.

✅ THE 2026 SUPPLEMENT CHECKLIST

Science-backed picks. No hype. — by FormeVital

□ 1. MAGNESIUM (sleep, stress, muscles)

→ Form: Glycinate or Malate (avoid oxide)

→ Dose: 200–400 mg elemental, 1h before bed

→ Check: "elemental magnesium" on the label

□ 2. VITAMIN D3 + K2 (immunity, bones)

→ Dose: 2000–5000 IU D3 + 100–200 mcg K2

→ Take with a fatty meal

□ 3. OMEGA-3 (brain, heart, inflammation)

→ Form: Triglyceride (TG) form

→ Dose: 1000–2000 mg EPA+DHA combined

→ Check: IFOS certified

□ 4. CREATINE (energy, brain, muscle)

→ Form: Creatine Monohydrate

→ Dose: 3–5 g daily, any time

→ Safe for women too

□ 5. PROBIOTICS + LUTEIN (gut-eye axis) 👁

→ The 2026 breakthrough: gut health = eye health

→ Look for: specific strains + Lutein/Zeaxanthin

→ Our top pick: VisiFlora (hybrid formula)

□ 6. ADAPTOGENS (stress, focus)

→ Ashwagandha KSM-66: 300–600 mg

→ Rhodiola: 200–400 mg (morning)

🚫 SKIP THESE (overhyped / low evidence):

✗ Detox teas ✗ Proprietary "blends"

✗ Mega-dose anything without bloodwork

💡 GOLDEN RULE: Premium = TESTED, not expensive.

Look for 3rd-party testing (NSF, USP, Informed Sport).
